

2019 Media Permission Form

Middlesex School Summer Arts is a multi-arts program where we continually celebrate the creative spirit of each of our campers. You will often see our campers throughout the campus with various instruments, microphones, paint brushes and dance shoes. We also consistently have campers and staff documenting our days in words, images, photos and videos. With that in mind, please review and complete the following.

1. Press Releases

News releases may be sent to local newspapers regarding productions and events at MSSA. Names of campers/guests would only be submitted with with prior permission from the camper's or guests parent(s.) Press releases are printed at the discretion of the local paper on a space-available basis.

2. Camp Publications, Website and Social Media

The MSSA Yearbook, website, Facebook page and other publications often feature pictures and stories about current campers. Photographs of campers/guests may also appear in other MSSA publications, including our camp brochure, advertisements, marketing platforms and in our camp newspaper and in our video yearbook. Noontime shows are recorded and sometimes accessible from our website and on vimeo.

By signing below you acknowledge and consent to your child's image and/or likeness appearing in MSSA publications, on the camp website and in its social media accounts and for marketing purposes.
